Workspace x Teams Integration

Joey Liu
Gaiaworks Product Manager

Part 1

Background Analysis

Gaiaworks

With customers in 24 countries and regions around the world, Gaiaworks serves more than 1,500 customers and nearly 6 million employees worldwide everyday.

Among them are Continental Motors, Swire Coca-Cola, Estee Lauder, Volkswagen and many others.

Workspace

Workspace features room & desk management, employee screening, vaccine & test tracking, and task management.

It simplifies all your screening, tracking, and booking processes into one user-friendly solution.

Promotion Plan

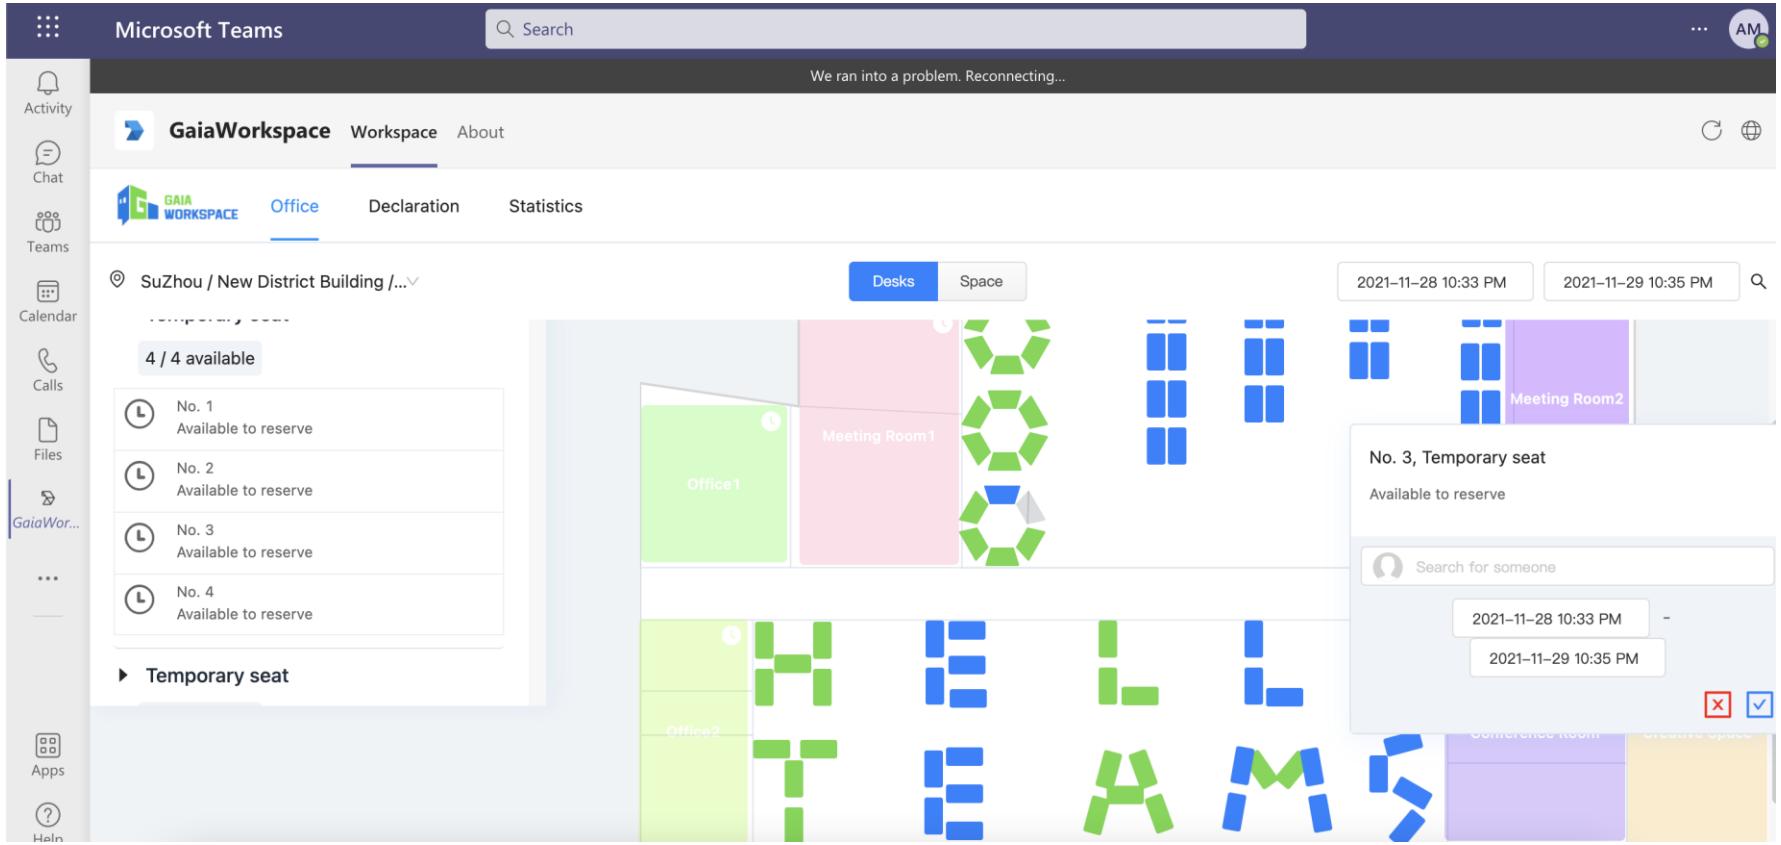
Part 2

Feature Analysis

Desk&Space management

Bring convenience and flexibility to employees by booking and managing shared desks and spaces.

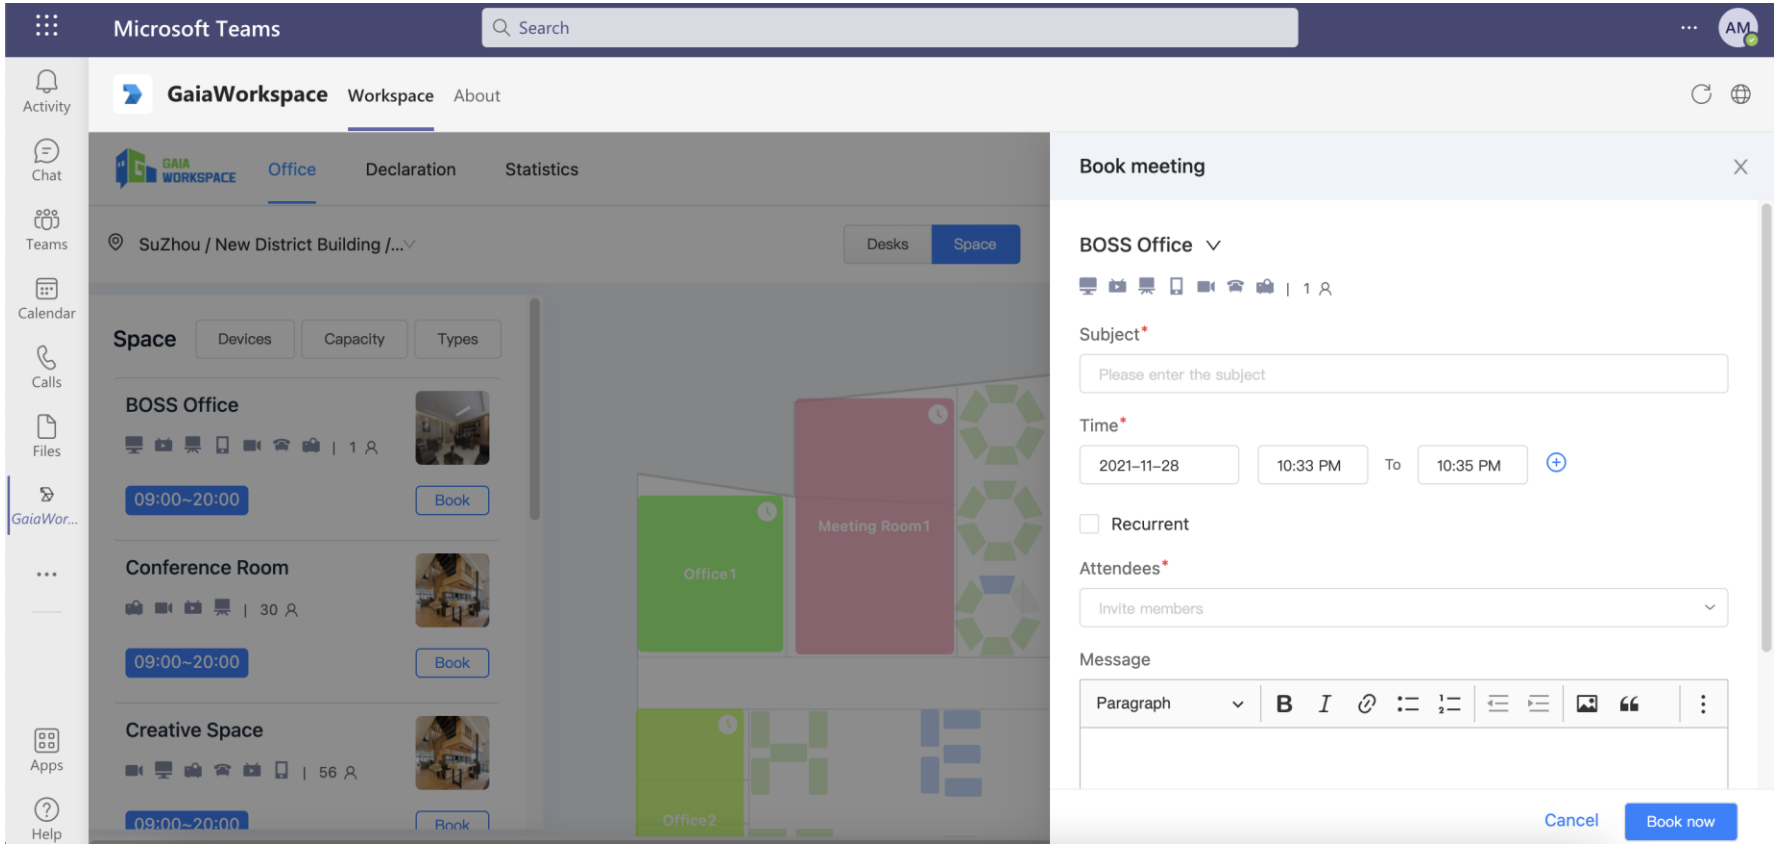
Employees and visitors can reserve and manage co-working spaces and meeting rooms ahead the conference.



Desk&Space management

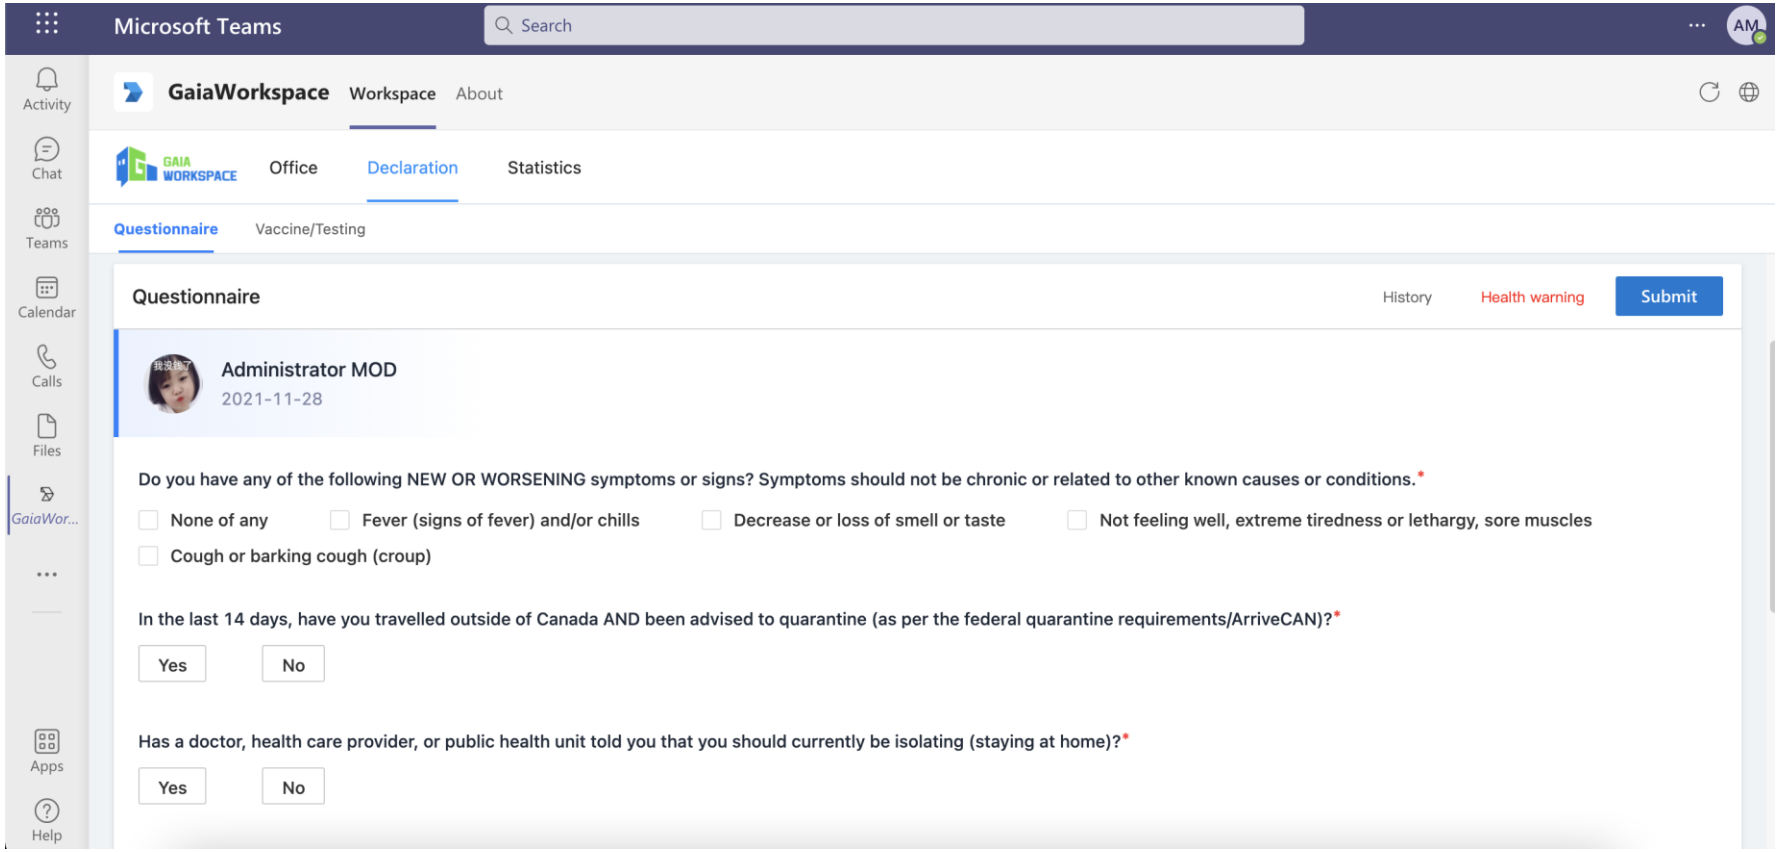
Bring convenience and flexibility to employees by booking and managing shared desks and spaces.

Employees and visitors can reserve and manage co-working spaces and meeting rooms ahead the conference.



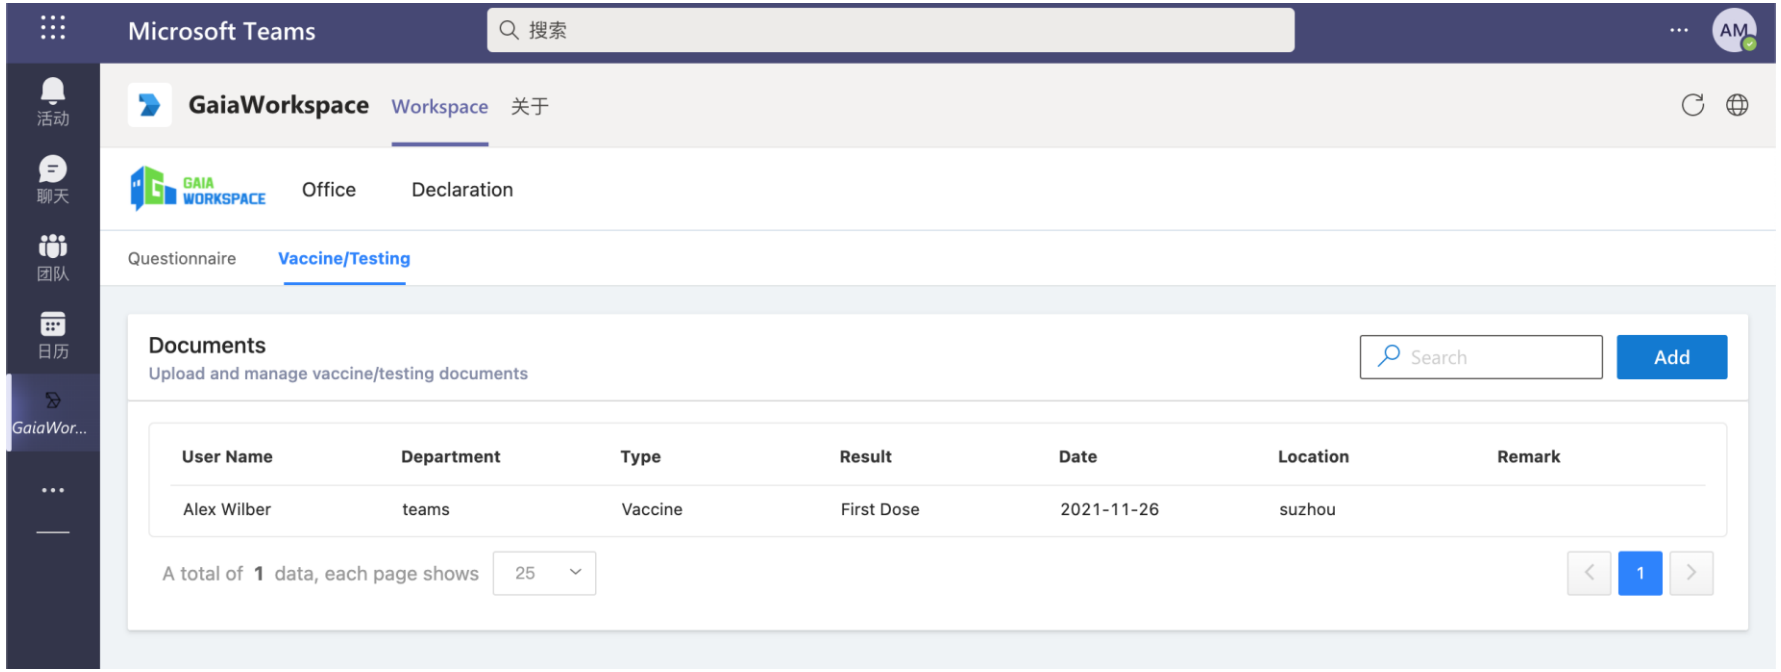
Gaiascreen: Vaccine&Testing tracking

Identify the employees distributed in high-risk places to help enterprises protect employees better



Gaiascreen: Vaccine&Testing tracking

Identify the employees distributed in high-risk places to help enterprises protect employees better.



So what's the INTEGRATION?
